Bridgewater REACH

AN INITIATIVE TO FIGHT THE OPIOID CRISIS

As part of the National Opioid Settlement, Bridgewater received:

$94,659.52

In order to best utilize these funds, Bridgewater has launched a three-part effort, each with a distinct purpose.

COMMUNITY RECOVERY COACH

sometimes it takes a person.

The hiring of a dedicated Community Recovery Coach to work with the Bridgewater PD to assist residents afflicted by addiction.

EDUCATIONAL OUTREACH

sometimes it takes education.

Innovative local educational programs designed to preemptively protect those at risk from falling into addiction and to assist those who are already battling it.

COMMUNITY GRANTS

sometimes it takes funding.

A grant program through which local nonprofits can receive program funding to use their expertise to create innovative programs to help our most vulnerable populations.

WHAT'S NEXT?

Stay tuned.

Updates with more details about all three efforts within Bridgewater REACH will be posted on this website. If you haven't, follow the Bridgewater Facebook page to stay up to date.
